

LAND AT WARWICKSHIRE POLICE HQ, LEEK WOOTTON

ABOUT US

CALA Homes, part of the CALA Group, is a major UK housebuilder and leading provider of desirable new homes across the South East of England, the Midlands and Scotland.

Founded in 1875 as the City of Aberdeen Land Association, CALA has a long history in successful land management before beginning house building in the 1970s.

Today CALA is a subsidiary of Legal & General Capital, the early-stage investment arm of Legal & General Group, Legal & General has been involved in housing for nearly 20 years and has a multi-tenure housing strategy, which CALA is now part of.

We are passionate about creating vibrant and sustainable communities. We build premium homes with sensitivity and consideration, ensuring our developments become part of the communities in which they are built.

Our homes are characterised by exceptional design and sector-leading build quality, and we have a passion for providing our customers with a great home buying experience too.

CALA IN THE COMMUNITY

CALA has always been committed to making a positive and lasting contribution to local communities. We seek to build long-term partnerships during the life of our developments through an active programme of community support.

Our school outreach programme includes presentations on site safety, educational visits to our sites, and informing young people of the career opportunities in housebuilding.

Each year we support hundreds of local causes across the UK through the scheme, which gives local groups, schools and charitable organisations the opportunity to apply for a share of a bursary pot in their area. To date we have supported over 400 causes with funding.
